The web has many possible appearances. This book is one of them. Every day Vasilis' server visits a website and generates one of these books with it. In this book you will find 100 blobs of a random shape and a random colour. The blob is placed on a striped background of two random colours. The width of the stripes and the width of the stroke of the blob are randomish as well. Just like the angle of the stripes. As long as Vasilis pays his hosting bill, a new book will be generated each day.
